Web & UI Designer with a Bachelor's degree in Computer Science (GPA 3.82) from Universitas Bina Bangsa, passionate about UI/UX, graphic design, and web design. Committed to delivering high-quality design solutions in product development, covering Web Design, Mobile UI Design, and Visual Graphic Design. Skilled in creating modern, responsive, and user-experience-oriented interfaces using Figma, HTML, CSS, PHP, and JavaScript. Portfolio includes competency certifications, language proficiency, and various projects, such as interactive websites, graphic design, and web & mobile UI design. Moving forward, I aim to further develop my expertise in interactive design and innovative front-end technologies.

Experience
